TEMP PLACEHOLDER/NOTE PDF:

The actual Guide is currently twenty-two (22) pages long, and will be streamlined and consolidated and overhauled down to hopefully shave off several pages or thereabouts.

The actual Guide contains ALL of the links and resources your team will require to host your own regional event, as well as minimum parameters for any/all local (city) events.

The final Guide will be here (instead of this placeholder) as **fast as humanly possible**.

Please check back soon. Thanks for understanding, and for your interest and support!
